

Cart Rental Price Increase Notice

Dear Members:

Effective January 1, 2018, we will increase our cart fees from 300 RMB to 350 RMB/18 hole round of golf. We will not however, increase our single rider supplemental fee which will remain at 350 RMB/ 18 hole.

We have not increased our cart prices since 2010 and since that time all related expenses associated with operating golf carts and our club have measurably increased. We chose not to increase pricing until after all rectification work was completed with our 27 holes fully operational. Our pricing is now consistent with the local golf market.

Trolley rental fees will not increase.

Please see the following list of charges for 2017 with changes.
