

Club Manager Message

Dear Members:

We have had a great start to the year with wonderful weather and really good course conditions. We are continuing both our course clean-up program as well as our course improvement plans to provide you one of the best looking and best playing golf courses in Southern China. All of our works are meant to create the best turf conditions possible.

Historically, we have always struggled with our Tee Boxes on holes 5 and 9, primarily due to the size of those tee boxes as well as some shade issues. As you will see in our golf course news, we have corrected those shade issues as well as expanding the size of the 9th tee. Please see “Course News” for an update on those projects and all other golf course projects that are ongoing.

Our tournament schedule began on April 18th as we traveled to Nanhai Peach Garden to compete against Peach Garden Golf Club in our first interclub event of the year. Our team played great led by Captain Simon Fang with both Mr. Wang Wu and Hu Chun Jiang shooting outstanding 67's to lead us to a 5 five shot lead 362 to 367 over Peach Garden. Peach Garden is to be congratulated for its fantastic course condition, great club facilities and food service as well as a friendly professional staff. Thanks for hosting us for such an awesome day. Our return match is May the 9th at Harbour Plaza Golf Club.

Please join us for Mother's Day on Sunday May 13th for a wonderful Mother's Day Brunch to celebrate our special Mothers. Please see our upcoming notice for details.

We are off to great start to the year and look forward to seeing you at the club.

With Best Regards

Tim
