Golf Course

We have completed the last of our major cultural works on all 27 holes the week of August 25th. We will have some minor tee box work and as well as coring and top dressing the back nine approaches, but will have completed all of the heavy maintenance. We are pleased to report that our course has come through the rainy season in good shape and with the cultural work completed this summer; we expect an outstanding golf course for you to enjoy. This fall, please bring your friends and/or business associates and we promise to make you proud.

Clubhouse Renovations

We are continuing with our Golf Clubhouse renovations with the Champion Locker Rooms scheduled to be completed in September. We plan on renovating the Ladies Locker Room in December
