

## Club Managers Message

*Dear Members,*

We are very excited to announce our 27 holes are back open and operational. We have completed our government required rectification works and our now also completing our normal agronomics in order to give you our best golf course possible this fall. In addition to these works, you will notice our bunker renovations continuing on the middle nine on holes 10, 13, 15, 16, 17 and 18 as well as 25 on the back nine. We are working hard on the clean up as well as returning the landscape back to its original condition. We look forward to you enjoying having your full 27 holes open for play.

**Please mark your calendar for September 23<sup>rd</sup> as we will host a full day of great golf, great food and prizes in a “Welcome Back 27 Holes-Celebration Golf Tournament”.** Please look for event details to come.

Our outside food operation continues to improve with our expanding menu of hot fresh grilled items prepared for you while you wait. In addition to our hot dogs and hamburgers, we have now also added a selection of fajita tacos, grilled hot sandwiches and freshly made cold salad sandwiches.

We look forward to a great fall and to seeing you at the club.

With Best Regards  
Tim
