Fajita's (Fa-hee-ta's) are a very popular Mexican and Tex-Mex dish consisting of grilled strips of beef or chicken or even shrimp together with grilled vegetables on a flour or corn tortilla.

Originating from Mexican and Southwestern USA cattle drives in the 1800's, Fajita translates into little strips cut from the skirt steak of the cow.

Fajitas are now a common in the Southwestern USA and Northern Mexico and include Flour Tortillas, Red, Yellow and Green Bell Peppers, Grilled Onions, Jalapeno Peppers and Salsa. Our Harbour Plaza Fajita Taco's also include our own homemade cilantro seasoning and are available in Beef, Chicken or Shrimp..... all grilled while you wait from our Starter Area.

Please enjoy our brand new outside menu items: **fajita tacos, grilled hot sandwiches and freshly made cold salad sandwiches that are always served fast and fresh. We are ready to deliver each of these items wherever you are at our Golf Club, Starter, Golf Course, or Driving Range...**
