

通告

球會配備 AED

尊貴的會員及嘉賓：

為了進一步提升球會的安全保障水平，確保在緊急情況下能夠迅速、有效地對心搏驟停患者進行救治，我們特此宣布：本場所已新增安裝自動體外除顫器（AED）設備。

AED，被譽為“救命神器”，是一種便攜式、易於操作的醫療設備，能够在心脏骤停的关键时刻为患者提供即时的电击治疗，极大提高生存率。

設備位置：出發台貴賓通道出口處

我們建議大家花幾分鐘時間了解 AED 的使用方法，以便在緊急時刻能夠迅速反應，挽救生命。

讓我們攜手共建一個更安全、更溫馨的環境。感謝您的理解與支持！

AED Available

Dear Members and Guests,

To further enhance the safety and security of our club, and to ensure prompt and effective treatment for individuals experiencing sudden cardiac arrest, we are pleased to announce the installation of a new Automated External Defibrillator (AED) device on our site.

The AED, known as a "lifesaving device", is a portable and user-friendly medical equipment that can provide immediate electrical therapy to patients during critical moments of cardiac arrest, significantly improving survival rates.

Location of the Device: At the Exit of the VIP Path of Starter Area

We recommend that everyone take a few minutes to familiarize themselves with the operation of the AED, so that in the event of an emergency, they can react swiftly and potentially save a life.

Let us work together to create a safer and more welcoming environment. Thank you for your understanding and support!
